FISCAL IMPACT STATEMENT

LS 6997

BILL NUMBER: HB 1202

DATE PREPARED: Dec 27, 2001

BILL AMENDED:

SUBJECT: School Students and Employees.

FISCAL ANALYST: Chris Baker

PHONE NUMBER: 232-9851

FUNDS AFFECTED: ☒ **GENERAL**
☒ **DEDICATED**
FEDERAL

IMPACT: State & Local

Summary of Legislation: (A) This bill requires a prosecuting attorney to notify the State Superintendent of Public Instruction and the employer when a licensed school employee is convicted of certain offenses.

(B) The bill makes changes in the grounds for which teachers' licenses may be revoked and contracts may be canceled.

(C) It requires consultation with a teacher before action is initiated to discipline a student.

(D) This bill also requires a governmental entity to pay a judgment, compromise, or settlement of a claim or suit against an employee when the act or omission causing the loss is within the scope of the employee's employment. The bill also provides civil immunity for making certain reports concerning a teacher.

(E) It changes the law concerning seduction of a child at least 16 years of age to add behaviors that constitute the offense and to expand coverage to all employees of a child's school.

Effective Date: July 1, 2002.

Explanation of State Expenditures: (B) The Indiana Professional Standards Board (the Board) could experience an increase in expenditures such as printing and mailing notices for a hearing. After a complaint against a license holder is filed by the Department of Education, an administrative law judge presides over an adjudication proceeding where the individual with the license may present their case. Once the judge has ruled, the Board would hold a meeting to determine if the ruling of the judge will be upheld. If additional revocation hearings occur due to the bill, the Board could include the hearing during the course of business of a scheduled meeting. In CY 2001 the Board met for either one or two days a month in 7 out of 12 months of the year. In CY 2000 the Board met 6 out of 12 months of the year.

(D) The provisions of this bill would allow a governmental entity to be liable for punitive damages awarded in a judgment from a claim or suit in tort. This bill has the potential of impacting the Attorney General's Office and other state agencies if it causes these affected agencies to spend time and resources defending a tort claim or suit. If a judgement is placed against the state, a claimant may be paid monetary damages, reasonable costs, and attorney fees.

The Office of the Attorney General reports the amount of damages paid as a result of tort claims submitted and tort claim lawsuits filed against the State and by plaintiffs in tort and civil rights litigation between CY 1995 and CY 2000 as follows:

CY	Damages Paid
1996	\$ 5,742,977
1997	\$ 3,438,230
1998	\$ 2,935,075
1999	\$ 5,052,346
2000	\$ 9,362,912

The amount paid includes tort claims paid at the time of claim submission, settlements upon the filing of lawsuits, and as a result of a court order. It also includes cases in both federal and state court.

(E) If more convictions of child seduction (Class D felony) occur due to this provision, the state would incur an increase in expenditure to house convicted individuals sentenced to a prison term. A Class D felony is punishable by a prison term ranging from six months to three years or reduction to Class A misdemeanor depending upon mitigating and aggravating circumstances. The average expenditure to house an adult offender was \$22,131 in FY 2000. Individual facility expenditures ranged from \$16,442 to \$40,312. (This does not include the cost of new construction.) If offenders can be housed in existing facilities with no additional staff, the average cost for medical care, food, and clothing is approximately \$1,825 annually, or \$5 daily, per prisoner. The average length of stay in Department of Correction (DOC) facilities for all Class D felony offenders is approximately ten months.

Explanation of State Revenues: (B) *Background:* Current law allows for the permanent revocation of a teacher license for the following offenses (IC 20-6.1-3-7(c)):

Offense	Classification
Rape	Class B felony (Class A if with deadly force/weapon)
Criminal deviate conduct	Class B felony (Class A if with deadly force/weapon)
Child molesting	Class C felony (Class A if with deadly force/weapon)
Child exploitation	Class D felony (Class C if it is committed by using a computer network)
Vicarious sexual gratification	Class D felony (Class C if child involved in the offense is under the age of 14; Class B if with deadly force/weapon or use of drugs to induce)
Child solicitation	Class D felony (Class C if it is committed by using a computer network)
Child seduction	Class D felony (Class C if deadly force/weapon or use of drugs to induce)
Sexual misconduct with a minor	Class C felony (Class B if offender is 21 years or older; Class A if with deadly force/weapon or use of drugs to induce)
Incest	Class C felony. (Class B if victim is less than 16 years of age)

If more revocations of teacher licenses are carried out as a result of the bill, fewer license renewal fees would be collected. It is believed impact to revenue would be minimal. Current teacher license fees are at a maximum of \$5. In FY 2000 the Indiana Professional Standards Board collected \$105,323 in teacher license revenue. All fees from teacher licenses are deposited into the state General Fund.

Revocation Data: In 1999, seven teacher licenses were revoked or surrendered for violations under IC 20-6.1-3-7. Two of these revocations were for at least one of the offenses listed above (IC 20-6.1-3-7(c)). Two other revocations were due to immorality as listed in current law under (IC 20-6.1-3-7(a)).

In 2000, six revocations of a teacher license occurred under IC 20-6.1-3-7. Five of the revocations were for sexual misconduct with a minor (section 7(c) violation listed above). The remaining revocation was for a section 7(a) violation: immorality, misconduct in office, incompetency, or willful neglect of duty.

(D) *Court Fee Revenue:* If additional civil actions occur, revenue to the state General Fund may increase if court fees are collected. A civil filing fee of \$100 would be assessed when a civil case is filed. 70% of the filing fee would be deposited in the state General Fund if the case is filed in a court of record or 55% if the case is filed in a city or town court.

(E) If additional court cases occur and fines are collected, revenue to both the Common School Fund and the state General Fund would increase. The maximum fine for a Class D felony is \$10,000. Criminal fines are deposited in the Common School Fund. If the case is filed in a circuit, superior, or county court, 70% of the \$120 court fee that is assessed and collected when a guilty verdict is entered would be deposited in the state General Fund. If the case is filed in a city or town court, 55% of the fee would be deposited in the state General Fund.

Explanation of Local Expenditures: (A) If formal notification of a conviction is made in writing, the prosecuting attorney would experience a slight increase in expenditure for postage and printing of notice.

(B) Under the bill, the governing body of a school corporation could hold additional hearings if more

permanent or semipermanent teachers are placed under consideration for dismissal by school corporations. Under current law, notified teachers may request to present their case at a hearing. If additional semipermanent or permanent teachers were to have their contract terminated under this provision, the school board would not have to pay the remaining amount on the terminated teacher's contract. Depending on the reason and the date of dismissal, the money earmarked for the payment of a dismissed teacher's contract would be retained in the school corporation's general fund. The school corporation could use these funds for the hiring of a replacement teacher.

(D) This bill could have an administrative impact on the caseloads of trial or city and town courts if additional civil actions are filed. The operating expenses of the trial courts are paid by the county general fund. The expenses of the city and town courts are paid by the general fund of the city or town in which the court is located.

(E) If more convictions for child seduction occur as a result of this provision and if more defendants as a result are detained in county jails prior to their court hearings, local expenditures for jail operations may increase. The average cost per day is approximately \$44.

Explanation of Local Revenues: (D) *Court Fee Revenue:* If additional civil actions occur, local governments would receive revenue from the following sources. The county general fund would receive 27% of the \$100 filing fee that is assessed in a court of record. Cities and towns maintaining a law enforcement agency that prosecutes at least 50% of its ordinance violations in a court of record may receive 3% of court fees. If the case is filed in a city or town court, 20% of the court fee would be deposited in the county general fund and 25% would be deposited in the city or town general fund.

(E) With respect to additional arrests for child seduction, if additional court actions occur and a guilty verdict is entered, local governments would receive revenue from the following sources: (1) The county general fund would receive 27% of the \$120 court fee that is assessed in a court of record. Cities and towns maintaining a law enforcement agency that prosecutes at least 50% of its ordinance violations in a court of record may receive 3% of court fees. (2) A \$3 fee would be assessed and, if collected, would be deposited into the county law enforcement continuing education fund. (3) A \$2 jury fee is assessed and, if collected, would be deposited into the county user fee fund to supplement the compensation of jury members.

State Agencies Affected: Indiana Department of Education; Professional Standards Board; Department of Correction; Attorney General's Office.

Local Agencies Affected: School corporations, prosecuting attorneys, courts.
